

FAST FLASH

Fast Flash is a self adhering lead free flash strip and is ideal for a quick and secure flashing solution.

- Light weight, easy to trim and fully self-adhesive
- Slow set adhesive allows time for repositioning
- Flexible, malleable and expandable
- Environmentally friendly aluminium stretch netting
- Compatible with zinc/aluminium coated steel

| Code: Grey | Length (M) | Width (mm) | Weight (KG) |
|------------|------------|------------|-------------|
| FFR5-280G | 5 | 280 | 4.7 |
| FFR5-370G | 5 | 370 | 5.9 |
| FFR5-560G | 5 | 560 | 9.2 |

Depending on penetration size, roofing profile and pitch, additional flashings may be required for New Zealand building code requirements. See pg 34.
